

Important Update for Higher Education Return to Campus January 2021

Following the Government's announcement of a further national lockdown, all colleges and universities are required to move to an online delivery model for the majority of their learners until mid-February at the earliest.

As a result of this, whilst **teaching and learning across Southwark College will continue**, it will be only delivered online.

We would also like to highlight (as I am sure most of you will be aware of) that this is a constantly evolving situation and as a result I can confirm that you will receive further updates to inform you of developments and specific arrangements relating to your return to campus as they become available. Information will also be shared via our website at www.southwark.ac.uk/coronavirus and as a result I recommend you check this regularly for further updates.

Our curriculum teams continue to work to ensure that **you will not be disadvantaged in anyway** and that you receive accessible, quality teaching and we can confirm that **your course leader will be contacting you shortly to confirm amendments**.

I wish to thank you for your co-operation and assure you that our actions are driven to ensure the safety of staff and students and the continuation of your studies.

Yours sincerely

Annette Cast

Principal, Southwark College
